Report of Cemetery Trustees

The Trustees have very little to report in the way of improvement the past year. Many improvements contemplated have been necessarily postponed on account of the scarcity of help, but the Trustees hope to be able to make a more favorable report next year, as will be seen by the Treasurer's report there have been several additions to the trust funds the present year for which the trustees wish to express their appreciation. Annexed herewith are the reports of the Treasurer and Superintendent, all of which is most respectfully submitted.

Whipple Free Library

REPORT OF TRUSTEES

The Report of the Trustees of the Whipple Free Library for the year ending Jan. 31, 1919, is respectfully presented for your consideration.

This year, "War Year", we have endeavored to comply with the request of the U. S. Government in practicing economy; we therefore have a larger balance of cash on hand than in a normal year.

The Library has been supplied with new books from time to time—although in smaller numbers than heretofore. With the donation of the Roger's Memorial Library, however, the total number of new books is far in excess of former years. This library was presented to the town by Mrs. Charles B. Rogers of Milwaukee, Wis. It contains 162 books and is a memorial to Mr. Rogers. Mrs. Rogers is a descendent of one of the first ministers in the town who was familiarly known as "Priest Bradford." We therefore appreciate this gift not only for the gift itself, but also from association.

It is with sorrow that we report the death, during the year, of one of the Trustees. On March 30th, 1918, Mrs. Marion E. Martin passed from this life after many long months of suffering. Little did we realize the seriousness of her malady—so perfect was her patience and so cheerful her disposition.

Mrs. Martin was elected to the Board of Trustees of the Library at the Town Meeting in 1913, when the Library was presented to the Town by the heirs of Mr. J. Reed Whipple, and had served continuously on the board in the capacity of Secretary and Treasurer to the time of her death. She was always a cheerful worker and deeply interested in the welfare of the Library.

The following resolutions were adopted by the Trustees:

WHEREAS, it has pleased Almighty God to remove from our midst the Secretary and Treasurer of the Trustees of the Whipple Free Library, Mrs. Marion E. Martin, on the thirtieth day of March, 1918; and

WHEREAS, Mrs. Martin has been a member of the Board of Trustees from the time of the reception of the gift of the Library to the Town from the heirs of Mr. J. Reed Whipple, and has served continuously to the time of her death,—Now be it

RESOLVED, that we, the remaining Trustees, in meeting assembled, do hereby express our appreciation of our fellow trustee, both in her work and as a friend. Her attention to all matters pertaining to the Library work, her genial manner to all with whom she came in contact, her friendship and sterling worth, gave her a deep and lasting place in our hearts. To her family we express our sympathy in their bereavement, and assure them that we share their loss.

(Signed) CHRISTOPHER H. COLEMAN, Chairman
(Signed) MILDRED C. WARREN.

The above was spread upon our records and copies sent to Mrs. Martin's family.

The Selectmen appointed Mrs. Angeline M. Prince to fill the vacancy on the board until the next Town Meeting.

The personnel of the Library service has remained the same as that of last year, Miss Elsie G. Warren being the Librarian and Mrs. Emma Bennet being the caretaker of the room. To both we extend our thanks for their faithful and efficient services.

We appreciate the continued courtesy of the J. R. Whipple Co. in giving the use of the room and in heating and lightning the same at no expense to the Town.

Our Library has helped to a marked extent in the War Library work and in other matters pertaining to the War, during the past year. With the spirit of the past year we have endeavored to comply in conserving as much as possible, to help win the war.

With the War over, we hope that the coming year may see many improvements in our Library as well as

an extended use of the books, both arising from a resumption of normal conditions.

Respectfully submitted,

CHRISTOPHER H. COLEMAN,
MILDRED C. WARREN,
ANGIE M. PRINCE,

Trustees.

Report of School Board

To the Inhabitants of the School District of New Boston, N. H.:

The School Board of the District of New Boston, N. H. respectfully submit the following report:

The School Board wishes to call the attention of the voters of the district to the fact that, owing to a change in 1917 of the school law of New Hampshire whereby our present school year does not end until Aug. 31, 1919, our report at this time has to differ somewhat from our February report heretofore.

At the time of making this report, there is a bill before our Legislature which reorganizes the whole system of raising money and apportionment of State Aid. Should this bill become a law, the district will have to act accordingly.

We have made our estimates for money required for school purposes for the ensuing school year of 1919-1920 as low as is consistent with the maintenance of your schools at their present standard and we hope that the voters of the district will feel that they can give us all the amounts as asked for.

In addition to the amounts required by law and as called for in other articles in our warrant, it will be necessary to raise and appropriate the sum of \$4,500.00 for the support of schools and repairs for the school year ending August 31, 1920.

Statutory Requirements

We report the following amounts as necessary for the ensuing year, viz:

For text books	\$250 00
Supplies	275 00
Flags and appurtenances	10 00

REPORT OF SUPERINTENDENT OF SCHOOLS

Goffstown, N. H., Feb. 5, 1919.

To the School Board and Citizens of New Boston:

I take pleasure in presenting another report on the condition of your schools.

Last year I called your attention, both by a circular letter to parents, and in my printed report, to the fact that New Boston missed state aid by so narrow a margin that if every parent did his duty we could obtain such aid to the amount of \$425.00. It gives me pleasure at this time to tell those, not already so informed by circular letter, that in spite of bad weather and a few regrettable instances of lack of co-operation, we have succeeded in securing \$432 more than ever before. I hope that we can get such aid every year, but the influenza has so reduced our attendance this fall and winter that I almost despair. We may get it, if EVERY ONE does his duty.

Whenever anything causes a shifting of teachers country districts are the first to suffer. We did well to open schools this fall, both high and elementary, with six out of nine teachers unchanged from last spring. Number 4 school was again opened but sickness of the teacher and the almost impossibility of securing another at that time caused its closing. The pupils were transferred to Number 5 and some transported to Number 2. Number 15 was also closed after a nine week term, because of the moving of a mill and a very unsatisfactory attendance. The pupils so released are transported to Number 13 and to the village. All but three of our eighth grade pupils are in the village school, which is as it should be.

Not many years ago New Boston was hiring its teachers for \$9 a week or less. The board at that time was about one-third of the salary. Now the average salary in the elementary schools is about \$14, but the board takes more, nearly one-half of that. (Some teachers were paying as high as \$8 a week.) No person ought to be expected to pay more than one third of his income for board and room. Unless the high cost

of living in New Boston can be lowered, your salaries will have to advance rather than decline. Another difficulty in hiring teachers for your town is the difficulty of reaching home over the week-end. One girl who taught in this supervisory union last year for \$12 a week is now getting \$18 a week in a coal office with more comfortable quarters and within easy access of her home.

Two of the teachers have endeavored to provide in some manner for hot lunches for the pupils eating dinner at their respective school houses. The success of this plan depends largely upon the co-operation of the parents and I hope that it will be given in every case. We should like to do the same thing at the village, but the problem is so large that we cannot do it advantageously until the district is in a position to provide facilities. There are forty children in this building who sometimes bring their lunches. It is to be hoped that some time we can introduce into our schools, cooking, sewing and manual training. With a cooking equipment the noon day lunch question could be solved without further expense to the district.

During the summer the pupils who were enrolled in the United States School Garden Army raised produce whose estimated value was \$774. Had it not been for the epidemic of influenza we would have shown you the size and quality of such products, the grange having offered to allow us to exhibit at their fair.

I cannot give a detailed report of the War Savings Stamps bought by the pupils but they have made a creditable showing. The work is still going on, and I urge every parent to encourage habits of thrift in their children by seeing that every child invests, even if only one certificate can be purchased.

Last March you generously, or perhaps it was a business proposition, as I believe it to be, voted money to jacket all of the stoves. This has been done, but still the sanitary condition of your school buildings will not bear inspection. There is not an outhouse at any school but that needs attention and your school board is calling for support in improving their condition. Most of your school houses need paint, and the village rooms need modern seats very badly, but the imperative thing is improved sanitary surroundings.

Going to high school is an established thing in New Boston and all of our grammar school graduates of last June are there. The graduating class of the high school will be small and next year's entering class should be so large that your high school should increase in numbers. We believe that this school should receive your loyal support and I think that it does.

Your school board has held regular meetings and supported your superintendent in what he has tried to do. They have devoted time far beyond the compensation therefor, and I must thank them and a loyal corps of teachers for good work.

"Let us make every sacrifice necessary to continue our boys and girls in school to the end that no boy or girl shall have less opportunity because of the war, and that the Nation may be strengthened as it can only be through the right education of all its people."

—President Wilson.

Respectfully submitted,

HOWARD L. WINSLOW.
